

November 5, 2006 MMAF Club Meeting

1:00 pm, The meeting was opened by Dick Landsiedel at Jim Fuller's residence. It was noted that the turnout was great as was the food and hospitality.

Treasurery

Rick Stange discussed the status of the club's account.

\$ OMITTED in account

This is a \$ omitted increase in balance for 06'

Application Renewal Forms were passed out for 07' dues.

Web Page

comments – looks good, loads quick

Paul Wakeman has given the club the space and the domain at no cost.

A motion was made to recognize this and grant him free membership as long as the club's site is hosted by him. The vote was in favor so Paul will be given free membership.

Scott is looking for winter projects and for-sale items to put on the page. Please contact him if you have anything to share on the site.

There was open discussion about text on the web page. Specifically, AMA membership may not be a requirement of the park. The council will review the lease to determine if this is the case before the next meeting. AMA membership is a requirement of the club but may not be required by the park itself.

Scott will put the membership application on the site as well.

Field Maintenance:

Mower Deck – Bud and Rick are going to work on the mower this winter.

Rick will put Fuel Stabil in the tractor and the 5 gal cans.

Dick proposed a sign for the MMAF flying field be posted at the park's entrance. He will check with Mike at the park to determine if this is ok to do. Darryl volunteered to build a sign if it is ok to put one up.

Information on the signs at the field needs to be checked / revised. Scott will send out copies of the text on the signs to the club council for review. Phone numbers for the police, fire, and club contact information should also be posted.

Outhouse issues – The outhouse is in bad shape. The park will buy the materials if we supply a list to them and do the construction. New construction could be wider and longer. Jeff Cooley, Mike Griffith and Roberto Sierra formed the team to determine what supplies are needed to rebuild the outhouse.

The Shed needs to be reshingled. – This should be done during the outhouse project. MMAF will have to pay for any improvements to the shed.

Secretary

E-mail, contact list needs to be sent once it is complete.

By-laws need to be updated and mailed out / posted online. Darryl Miller has agreed to have a meeting with the club council Tuesday the 14th at 6pm to discuss and finalize them.

Fuel order for the Clinton Hobby shop- Contact Dick Landsiedel by Jan 1st with a list of fuel needs and we can get a discount. Brands may include Omega, Sig, Coolpower and Wildcat.

Based off of the great turnout for this meeting, winter meetings will be held starting in January 2007. They will take place at noon on the first Sunday of each month. Jim Fuller offered his house for these occasions. The current plan is to repeat the outline of the November 5th meeting. Please bring a dish to pass.

Future Events

Polar Bear Fly, Jan 7th

Darryl proposed having a BBQ at the airfield each month in addition to the meeting.

Fun Fly and other contests – Dates need to be selected by January

An Event Committee has been formed to discuss event ideas and dates. Those involved currently are Darryl Miller, Scott Hall, Dick Landsiedel, Roberto Sierra, and Jim Fuller. If you have any ideas or suggestions, please contact a committee member to ensure it gets added to the list. Ideas will be presented for voting at the January Meeting.
